

# DO YOU KNOW YOUR ROOFER?

At Burns & Scalo, we understand the concerns of choosing a quality contractor for your roofing project. We put together a checklist of features for you to be aware of. Protect yourself by asking the right questions:

<b>Assuring Your Protection</b>	<b>B&amp;S</b>	<b>Other</b>
How many years has your contractor been in business?	Since 1956	
Is your contractor up-to-date with OSHA safety rules & regulations?	Yes	
Does your contractor employ a safety manager for your project?	Yes	
Does your contractor provide technical training for employees?	Yes	
Does your contractor have a project manager check your job regularly?	Yes	
Will your contractor provide temporary repairs at no cost before start of project?	Yes	
Does your contractor provide you with substance abuse-free employees?	Yes	
Does your contractor follow manufacturer's specifications?	Yes	
Does your contractor have strong financial strength?	Yes	
Is your contractor recognized nation-wide as an industry leader?	Yes	
Does your contractor provide 24/7 service in the event of emergency?	Yes	
Does your contractor dispose of project-related debris in a DER approved landfill?	Yes	
Does your contractor have AAA rating by the Better Business Bureau?	Yes	
Does your contractor have a website?	Yes	
Does your contractor offer a Preventative Maintenance Program?	Yes	
Does your roofer have a Customer Care Department to service you post sale?	Yes	
Does your roofer have an office near you?	Yes	
<b>Our Commitment to You</b>		
Does your roofer have product warranty in writing?	Yes	
Is your contractor's labor warranty in writing?	Yes	
Does your contractor offer extended labor warranties from manufacturer?	Yes	
Does your contractor offer a total systems program with all products from same manufacturer?	Yes	
<b>Financial Stability You Can Depend On</b>		
Does your contractor provide liability insurance?	Yes	
Does your contractor provide workmen's compensation coverage?	Yes	
Does your contractor provide bonding or surety coverage?	Yes	
Does your contractor use standardized, approved roofing practices by NRCA?	Yes	

A "NO" to any of the questions above is a red flag, and it's time to reconsider. At Burns & Scalo, we care about your project.

With over 60 years of experience, we are sure that we can provide the best value for you and satisfy all of your roofing and sheet metal dreams! Still not sure? Come and visit and see the difference.
